

Washington, D. C. 20505

31 January 1984

John:

On several occasions now I have had the privilege of visiting [redacted] and coming STAT under the care and feeding of the [redacted] STAT security office. On every occasion I was treated not only in the typically professional and dedicated fashion which I have come to appreciate from the Office of Security but also with the additional care that comes from a personal commitment to the job.

While a number of your officers have played a gracious role in my well-being, I am anxious to commend [redacted] for the time and attention STAT has given to the planning and execution of the security support.

Please pass on to your entire staff my continued appreciation and to [redacted] my personal thanks. STAT

With continued best wishes.

Sincerely,

STAT
